Native Adipose Tissue

Liposana®

Preserves the structure of native adipose tissue

(Left: Images of H&E-stained human adipose tissue samples at 20x magnification)

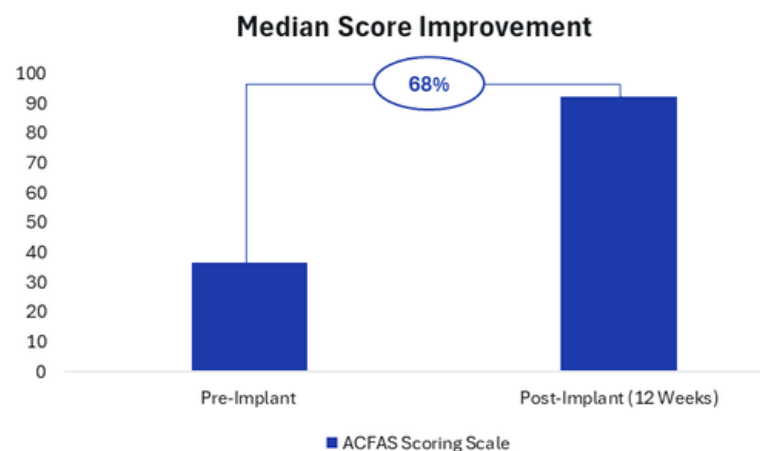

Why It Stands Out

- The only product that retains the structure and properties of native adipose tissue
- Available on-demand
- Prolonged storage
- Minimally invasive implantation

Clinical Outcomes

- No product-related adverse events
- Significant improvement in functionality and pain
- Durability for 18+ months (follow-up ongoing)
